Small Group Discussion Questions
John 6:22-71

Quick Review

This Sunday, we read about Jesus, the source of life. What did you find interesting, encouraging or challenging from this message?

My Story

What teaching of Jesus do you personally (or have in the past) find difficult to believe or confusing? Or is there any aspect of the Bible that you did not understand when you were young, but years later your confusion seems quite humorous?

Digging Deeper

1. Read John 6:22-58. How does Jesus contrast the manna from the Old Testament with his body?
2. According to the text, what assures the believer that he will persevere until the end? (Also notice the repeated phrase in vv. 39, 40, 44 & 54)
3. What is the contrast setup in v. 27? What is Jesus saying by this? (Also notice the contrast in v. 58)
4. Read vv. 60-69. What are the different responses to Jesus' words? What are the reasons behind those responses?

Making it Practical

1. The climax of the whole chapter is vv. 68-69. In what ways is this your personal story as well? In what ways have you found life in Jesus?
2. In what ways do you need to feast on Jesus instead of the bread that perishes?
